

India's Sweet Potato Specialists for the World.

Clean. Safe. Scientifically Crafted.

Aseptic & Retort Purees | Baby Food Grade | Export Ready

Where real food meets Industrial Precision

Xobu is a global food manufacturing company from India, specialising in aseptic and retort processing of fruits and vegetables.

We deliver clean-label, shelf-stable products at industrial scale, combining advanced technology, strict food safety, and ingredient-first thinking.

Our Hyderabad facility supports bulk aseptic purées, blends, and finished consumer pouches – for global brands and our own labels.

3 Verticals. 1 Stand

Real food.
Modern processing.
Global compliance.

FoodSteps®

XOBU'S BABY FOOD BRAND

Food Steps is XOBU's baby-food brand crafted for infants and toddlers. We make ready-to-eat fruit & vegetable purees that are clean, simple, and globally accepted.

What We Make

- 6M+ baby food pouches
- Made from real fruits & vegetables
- No preservatives
- No added sugar
- No artificial colours or flavours
- No stabilizers, gums or thickeners

Infant-grade

Clean-room
